

Boardwalk construction
 2.2m width. 1.1m high timber rails act as barrier to east west movement, preventing people from walking over the grassland continuously, without excluding them explicitly. Refer to indicative drawing ELGT989-2

NOTE: Setting out of boardwalk route TBC on site.
 To avoid areas of established grass and vegetation

Boardwalk B

- Connects to stepped exit from the car park ≈ 110m long
- 2no set back seated areas 1.5m x 5m

Enclosed Planting Areas

- 2no areas of plug planting totalling 200m²
- 50m of Chespaie fencing

Wall section removed
 To give level access to boardwalk from promenade. Interface between boardwalk and promenade to contractors design and specification

Shelter C

Enclosed Planting Areas

1. Marram Grass (*Ammophila arenaria*) plugs at 3/m²
2. and Scotia Seeds 'Coastal Meadow Mix' sown at 3g / m²
